

## About This Property

Owned by the Town of Bedford, the O'Connor land contains wooded uplands and wetlands, and it lies within a region that holds residential, industrial, and conservation lands. The trail system provides a much-needed place for respite and exercise in the midst of a heavily developed area.

SVT holds a conservation restriction (CR) on the property, which ensures it will never be developed into housing lots. SVT works with the Town of Bedford to ensure that the conservation values on the land are maintained.

In addition to the trail access at the parking area, it is also possible to enter the trails slightly north of 457 Old Billerica Road and behind 10 Noreen Drive in Bedford.

## Features of Note

- The property's primary use is for conservation and passive recreation. Horseback riding is permitted on the trails.
- The land includes habitat for the blue-spotted salamander, a species of special concern in Massachusetts.
- The southern trail connects to a trail on the Bedford Woods CR, which is maintained by the Town of Bedford.
- The property lies in close proximity to the Town of Bedford's Shawsheen River Conservation Area to the south and Fortune Drive Conservation Area to the north.
