How to make the SVT Steward Log appear on your phone's home screen like an app:
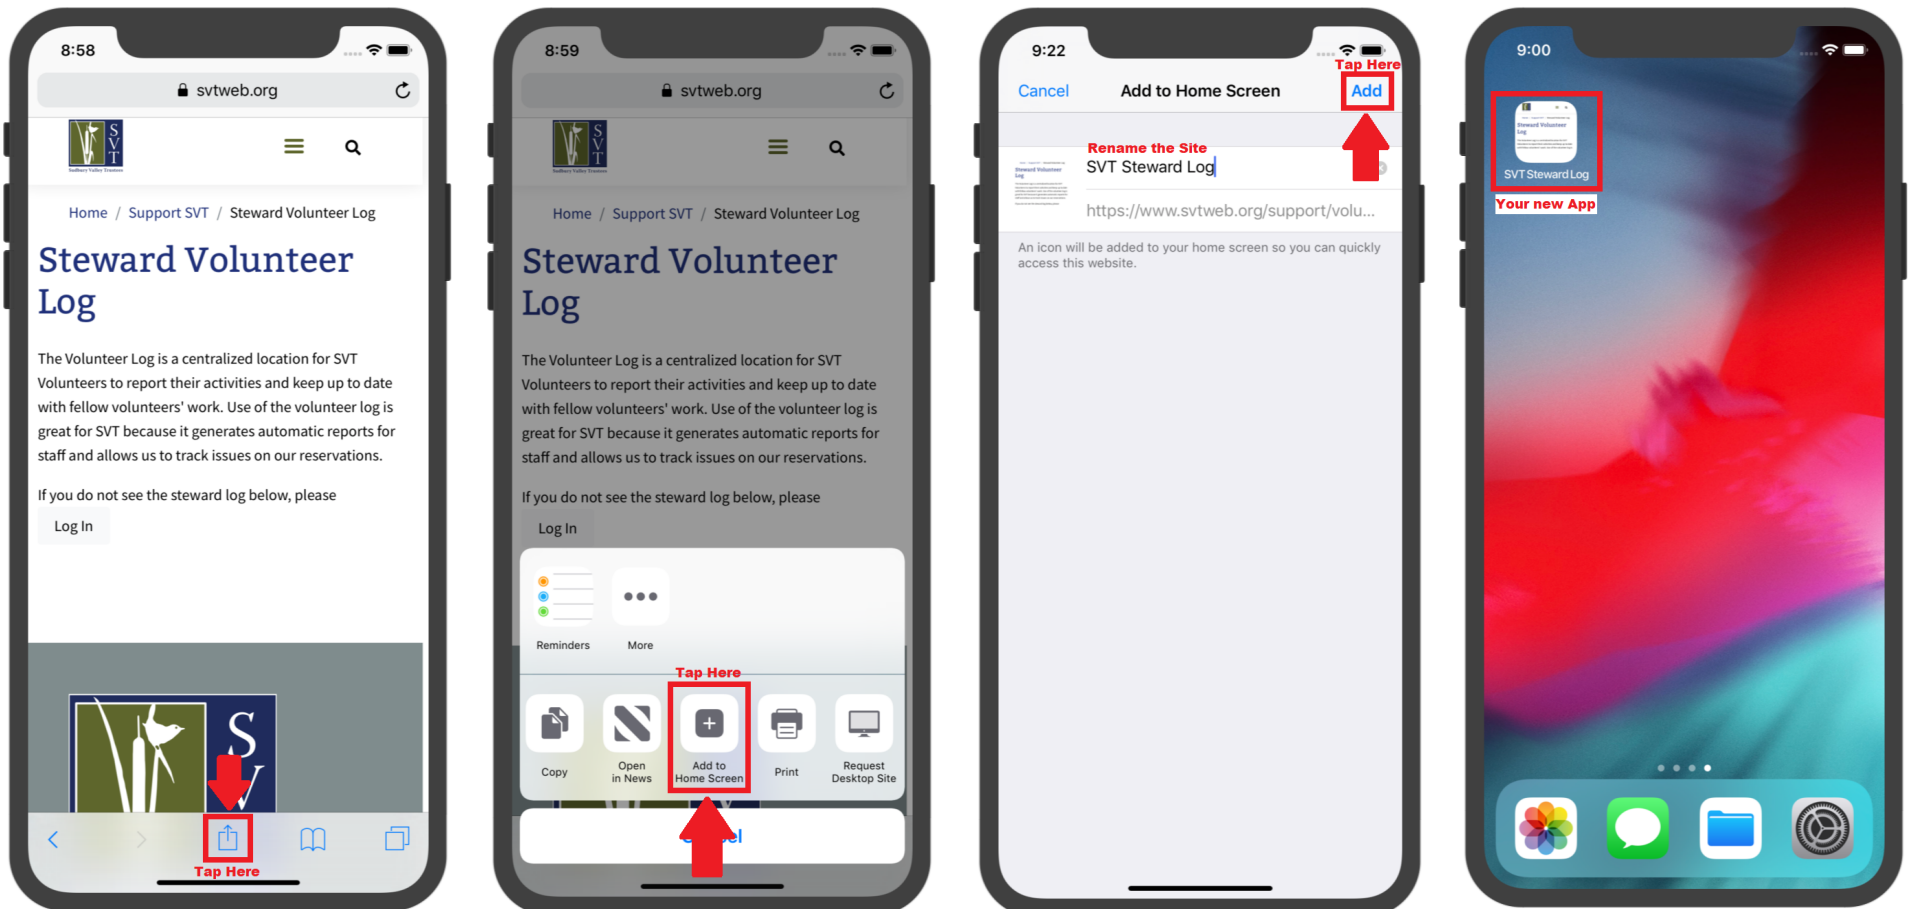

iPhone:

1. In Safari go to svtweb.org/support/volunteer/stewards and select the "share" button on the bottom of the page.

2. On the list of options swipe to the left until you see "Add to Home Screen". Tap on the icon.

3. Rename the app whatever you'd like, for example "SVT Steward Log". Now select "Add" in the top right corner.

4. A direct link to the webpage will now appear on your home screen. You can relocate it the same way you would an app.

Android:

1. In Chrome go to svtweb.org/support/volunteer/stewards and select the three dots icon in the top right corner of the screen.

2. From the menu, select "Add to Home Screen".

3. Rename the app whatever you'd like, for example "SVT Steward Log". Then select "Add".

4. Select "Add Automatically".

5. A direct link to the webpage will now appear on your home screen. You can relocate it the same way you would an app.
